Isagenix is Helping Make Wishes Come True

Join us in helping to grant the wishes of children with life-threatening medical conditions. By donating $1 or more in every order, your tax-deductible donation will help grant the wishes of children in the U.S., Canada, Australia, and New Zealand.

Make-A-Wish®
Our vision: We are dedicated to making every eligible child’s wish come true.

- Nearly 300,000 wishes granted, a wish every 23 minutes globally
- Kids say wishes give them renewed strength to fight their illnesses
- Medical professionals report wishes can positively influence wish kids’ health
- A network of nearly 30,000 volunteers worldwide enables Make-A-Wish to serve children with life-threatening medical conditions
- Visit wish.org for more information about Make-A-Wish America or worldwish.org for more information about Make-A-Wish International

Erin, 9
lymphoma-lymphocytic (t-cell)
United States
I wish to go to the Bahamas

Lauren, 4
cancer, United States
I wish to give back comfort and hope

Lauren pushes a cart overflowing with bunny blankets for the children in the hospital. She remembers every sleepless night, and her wish is to give the other kids in the hospital a gift just like the one her aunt and uncle gave her when she had cancer. With these blankets, kids are never alone and feel braver than they did before. Lauren’s act of kindness will keep smiles on the faces of those who need it most.

Lucas, 6
leukemia, Australia
I wish to be a pirate

Lucas is aboard his pirate ship, charting a course around Sydney Harbour. With a tricorn hat perched on his head, he peers from behind his eye patch— it’s the best sixth birthday celebration he could imagine. Today, he’ll discover a treasure chest of memories that will always keep him gazing to the horizon!
